## MARCHING ON HAVANA.

Insurgents Have Sprung Up Like Mushrooms.

### CITY OF HAVANA MENACED.

It is believed the Rebels have received large stores of arms and ammunition and are coming to land the war speedily.

HAVANA, March 14.—The insurgents are again in the central portion of Havana province in force and are moving westward to the neighborhood of the city of Havana.

It is believed they have received large cargoes of arms and ammunition, and thus equipped are about to make an attack on this city.

Excitement here is intense and much apprehension is felt for the safety of General Weyler and other Spanish officials in case the insurgents enter the city.

It is reported that the Cubans have large quantities of dynamite in their possession and it is the knowledge of this fact that makes the Spaniards shudder.

It is known too that if the insurgents enter Havana more than three-fourths of the population of the city will respond to their call at once.

Many who have heretofore been neutral are now embittered against Spain because of Weyler forcing them to sign a protest against the action of the United States congress.

### CHARGED WITH CONSPIRACY.

Brooklyn firemen given a little surprise party.

New York, March 14.—Assistant Fire Marshal Benjamin Lewis and Ex-Fire Marshal John J. Connelley were arrested on a charge of conspiracy.

It is reported that indictments were found against Hoeskopf, the alleged firebug, who is now in the Tombs awaiting trial, and against a former detective of the Brooklyn police department. The indictments are the outgrowth of the arrest of David Weingut on July 24, 1894.

Weingut had given testimony before the grand jury concerning the acts of certain alleged firebugs. At that time he was in the employ of the Brooklyn police.

The firebug gang wanted to get him out of the way, and it is alleged that the men against whom indictments were found conspired to have him arrested.

Weingut was arrested at that time on a charge of attempting to extort money by representing himself as an assistant fire marshal. Lewis and Connelley were arrested in the Kings county court and both pleaded not guilty.

### DUNLAP IS A PUZZLE.

Refuses to take the seat which was provided for him.

FRANKFURT, Ky., March 14.—Wood Dunlap refused to be sworn in, though formally seated by Republicans.

The Democrats are proposing compromise measures. This work is being done by Senator Stevenson offering a motion to reconsider the action of the senate in expelling Senators James and Wilson.

Mr. Worthington, however, refused to act in such a proceeding as a politician and Mr. Wood Dunlap, who had been expelled after an adjournment of several months of the senate because of the action expelling them, was not allowed to take the oath.

It is believed the Democrats will do this in an attempt to postpone James and Wilson until the last day of the session. It is believed by Republicans that the action of the senate would be a great victory. His refusal to qualify complicates as well as mystifies them.

### PACIFIC RAILROADS.

Senate Committee Denies the Day to the Union Pacific.

WASHINGTON, March 14.—The senate committee on Pacific railroads resumed its sitting, devoting itself to the Union Pacific.

Mr. Frank W. Mink, one of the promoters of that road, was the first witness called. He was interrogated by Senator Wolcott, and said there were included in the Union Pacific system about 5,000 miles of road, of which about 1,400 was government, added road about 1,300 miles which belong to the Union Pacific company. For these 820 miles the gross earnings had been \$26,000,000 since the road came to the hands of the receivers \$22,800,000, and the operating expenses \$21,170,000. He said that in this time the company had paid \$4,500,000 in interest on this secured, especially on the company's bonds of which it held 3,747,000.

Mr. Laughlin's conviction stands.

New York, March 14.—The appellate division of the supreme court has affirmed the conviction of William M. Laughlin, an ex-police inspector.

### PERSONA NON GRATA.

Butler Willis will sail for the United States in April.

SAN FRANCISCO, March 14.—A special agent Honolulu says: United States minister Willis has announced his intention of leaving Hawaii April 15. This statement, made in the face of the minister's denunciation of a similar report, contrasted and generally believed to be untrue, but he will not return. Many opinion that the American legation is closed for the remainder of the term.

Under order to get even.

Min

## A GERMAN SENSATION.

Very Serious Charge Made Against Dr. Peters.

### HE MURDERED TWO NEGROES

He Says He Was Mugged to One of the Victims and According to African Custom to Put Her to Death.

BERLIN, March 14.—In the reichstag Herr Bebel, one of the Socialist leaders, accused Dr. Carl Peters, the African explorer, while he was imperial commissioner to Africa in 1891, with causing a negro and negroes to be hung without trial to the nearest tree, because they had taken a fancy to each other, of which Dr. Peters, being himself intimate with the negroes, disapproved. The German officer refused to execute the sentence. Nevertheless the sentence was executed.

Dr. Peters proclaimed officially that the negroes were hung as spies. After that the English bishop, Tucker, declined to receive Dr. Peters, saying that he would have nothing to do with a murderer.

Dr. Peters thereupon wrote to Bishop Tucker, contending that he was married to the negroes according to the African custom and therefore had a right to put her to death for adultery.

Dr. Kaiser, director of the colonial department, in reply to Herr Bebel, expressed doubts whether the African explorer could be judged according to European standards. He tried to modify the house by referring to Hermann Wissman's spurious character, but at the same time gave a long explanation to the effect that an investigation had shown that the negroes were guilty of theft and other offenses and that Dr. Peters could not be incriminated, he failed to satisfy the house.

Dr. Kaiser then said further that the government deplored the facts, but it was difficult to pass judgment in such cases. It had been intended to place Dr. Peters at Tannanaka, believing that such incidents could not occur under Western rule. But it was discovered that Dr. Peters was so unpopular that he was not appointed.

Dr. Kaiser's speech met with frequent interruptions and shouts of "Murderer," "thief," "scoundrel," etc.

### A MURDERER CONFESSES.

The Mystery of the Killing of Stephen Powell Cleared Up.

New York, March 14.—Alice Hatchinson and Sarah Jones, who were arrested Thursday, gave evidence which cleared up the case of the mysterious murder of Stephen Powell at Hempstead against John Wayne and Arthur Mayhew. The result is a confession of the murder by Wayne, in which he attributes the striking of the fatal blow to Mayhew.

Wayne, when put upon the rack by the detectives, broke down and made a statement in which he said that he met Arthur Mayhew in a saloon last Saturday night, and that after they had treated each other second time Mayhew told him he intended to "get some money" and told Wayne to come with him. Following the lead of Mayhew, Wayne said they walked to Franklin and Fulton street.

After waiting while they saw Mr. Powell coming down Fulton street, Wayne and Mayhew passed Mayhew and Wayne walked behind him and Mayhew struck him with a black stocking that had something in it. Mr. Powell fell and Mayhew went through his pockets. The two men then ran and went back to the saloon and played dice until the saloon was closed at midnight.

The confession was sworn to before a notary public. Mayhew refused to talk further than to make a general denial of having had anything whatever to do with the murder. Apart from the confession of Wayne the district attorney believes that he has sufficient evidence upon which to convict both men.

### ANOTHER HOLIDAY.

Senator Peffer Presents a Rather Unique Petition.

WASHINGTON, March 14.—In the senate Mr. Peffer presented a petition of General Hugh Cameron of Douglas county, Kan., asking congress to make the 14th day of April (Resurrection day) a national holiday, it being the day on which "the King of the Jews" whom Pontius Pilate caused to be crucified April 6, A. D. 33 achieved his splendid victory over the grave.

This king of the Jews, the petitioner asserts, has always been a true friend to the United States and has unquestionably done more to establish and maintain free government and to make the United States of America a respectable nation than any other king.

### FIFTY-FOURTH CONGRESS.

In the Senate.

WASHINGTON, March 14.—The presentation of the Cuban debate gave way in the senate to Mr. Cockrell's elaborate speeches occupying four hours on the immediate question.

There was a hurried reference to Cuba early in the day when it developed during an explanation by Mr. Lodge that the congressional foreign relations had received from Secretary Olney a statement by Señor Duque de Loeza, the Spanish minister, giving the Spanish view of the case.

This brought out very animated suggestions from Mr. Lodge and Mr. Wolcott that the senate be put into possession of this important testimony.

Mr. Cockrell's speech was an elaborate presentation of the financial question from the silver standpoint, so much so that Mr. Lodge, in the course of an inquiry, stated that it was the silver speech he had ever listened to. Mr. Cockrell occasionally left his arguments for very sharp personal criticisms on Secretary Carlisle.

By a coincidence, also, Mr. Julia Parnesfelt was in the gallery when Mr. Cockrell closed

his speech with the statement that if we were to be sold, great to the English money interests we should have done Old Glory, raise the gold standard and cry aloud, "Long live the Queen of Great Britain and the Empire of India."

### In the House.

WASHINGTON, March 14.—By a vote of 143 to 20 the house passed (Speaker A. Babbitt from the Fourth Alabama district) and decided that the Republican opposition, W. F. Aldrich, was elected and entitled to the seat. All the Republicans, with the exception of Mr. White of Illinois and the Democrats and three Democrats, Messrs. Cobb, Dickey and Deamond of Mississippi.

The house passed bills granting American residence to the steamer Mattawan, requiring officers of American steamers to be citizens of the United States, and repealing the laws exempting from tonnage duties vessels from countries which extended similar exemptions to our vessels.

### KENTUCKY LEGISLATURE.

Republicans Refused to Vote and Assembly Adjourned.

FRANKFORT, Ky., March 14.—The roll call showed 125 members present. Necessary to a quorum, 65. The reading of the journal was dispensed with without any attempt on the part of Senator Brinson to delay the proceedings by insisting on having read the journals of each house. The ballot resulted: Blackburn, 50; Carlisle, 13; Buckner, 1. The Republicans again refused to vote, and there was no quorum. When Populist Poor's name was called he refused to vote. The chair announced that there had been no election. The assembly then adjourned.

### CANADIANS ORGANIZE.

Knights of Labor Withdraw From International Association.

OTTAWA, March 14.—At a meeting of the executive committee of the Knights of Labor and other prominent labor men, it was decided to form a Canadian Federation of Labor having no connection with the United States labor organizations, and to organize at once. Canadians believe there is no longer anything to be gained by their connection with the international association. Since the alien law, as enforced by the United States, prevents a Canadian member of affiliated bodies from obtaining employment in the states.

### All About a Woman.

New York, March 14.—Edward P. Doughton, a porter, was shot and almost instantly killed by John Shanley, a saloon keeper, in the latter's house. The shooting grew out of a dispute between the dead man and Shanley's wife, in the course of which Doughton is said to have assailed Mrs. Shanley's character.

### Will Exchange Rifles.

WASHINGTON, March 14.—Senator Hawley, from the committee on military affairs, made a report authorizing the secretary of war to issue Springfield rifles to the national guards of the various states and territories in exchange for rifles held by them.

### IT IS A MONSTER.

Largest Piece of Plate Glass Ever Made in Indiana.

ELAMOND, Ind., March 14.—An object of wonder to all who see it is the monster piece of plate glass just completed at the factory here. It is 112x200 inches in dimensions and completely filled one of the largest polishing tables when it was finished, the process requiring a day and night for the two sides, and is without a single flaw or blemish of any kind.

### Deceived in Kansas Lands.

TOPEKA, Ind., March 14.—Thomas Gray transferred all of his real estate in Polaski, Jasper and this county for a large farm in Kansas. Upon investigation Gray ascertained that the land for which he had traded was worthless. He will institute proceedings to set aside the deed upon the grounds of fraud.

### He Has Three Wives.

FRANKLIN, Ind., March 14.—John J. Stone, student at college here, in 1891, married Eva Bloom. In 1893 he deserted her. He went to Rockport, Mo., and married Ella B. Stone in 1891. He deserted her last fall and married a girl in Iowa. Officers are trying to locate him.

### Damages For Breach of Promise.

PORTLAND, Ind., March 14.—Edith J. Zieher brought suit in the circuit court against James H. McCarty for breach of promise and asks \$2,000 damages. She also petitions the court to prevent him from transferring his real estate until the damage suit is passed upon.

### Damages For Murdered Husband.

POWELL, Ind., March 14.—Mrs Frank Ducharne, whose husband was murdered by Freeman Price, a saloon keeper, about 10 days ago, has filed a suit against the latter in the Benton circuit court demanding \$2,000 damages.

### Beaten With a Hammer.

LAVEN, Ind., March 14.—Joseph John and Emanuel Yamitta, while drunk, fought with George and Albert Swadight. Albert was fatally stabbed and his head crushed with a hammer. George was badly beaten.

### Woman Fatally Hurt.

RESERVE, Ind., March 14.—Susan Walker, 84, and the second oldest maiden in Rush county, fell on her face in a fainting spell, breaking her nose and receiving other injuries from which she will die.

### Miners and Trainmen Injured.

BRAZIL, Ind., March 14.—A passenger train on the Vandalia has been wrecked. Many miners and trainmen were badly injured.

### A Saloon Burned.

PLEASANT LAKE, March 14.—A saloon Smith's saloon was burned by an incendiary.

## OUTLAWS BARRED OUT

Foreigners Damaged by Mobs Must Be Reputable.

### IF NOT THEY GET NOTHING.

Claims For Damages by Persons Who Are Not on the "Blacklist" Must Be Filed in United States Courts Instead of State Courts.

WASHINGTON, March 14.—As a result of the discussion by the house judiciary committee of the subject of giving foreigners who may be injured by mob violence in this country access to the United States courts to secure financial redress for their grievances, instead of the usual suits in state courts, Mr. Connolly of Illinois has drawn a substitute for the bill recommended by Chairman Hitt of the committee on foreign affairs and Secretary Olney. An outline of the bill is as follows:

Any citizen of a foreign state who is lawfully in this country, and who is not a fugitive from the justice of such foreign state and is in the peace of the people of the United States and of the state or territory in which the supposed injury occurs, who is injured in person or property by mob violence on account of the state's territory failing to extend to him lawful protection, may bring suit in United States circuit court for the proper district.

If judgment be rendered against the United States and paid, it shall be the duty of the United States treasurer to charge the amount thereof against the state in which the injury occurred, and withhold the amount from any moneys then due or thereafter found due from the United States to such state. The clerk of the court is required to furnish the government of the state with a copy of the petition when filed and the attorney general of the state is authorized to appear with the United States district attorney and rescind the suit.

Mr. Connolly explains that under this law foreigners who had entered the United States by evading the naturalization laws would have no claim upon the government for injuries which might be inflicted upon them, nor would fugitives from justice. It also provides that the interest of the states shall be protected in the trials by their attorneys. The plan is looked upon with favor by Mr. Hitt and its ideas are likely to be adopted by the judiciary committee in any bill which it may recommend.

### Safe in the Harbor.

WASHINGTON, March 14.—The navy department has received a telegram from Port Royal, S. C., saying that the United States steamship Indiana is in the harbor. The Indiana was out to sea in this week's storm, and while no apprehension was felt concerning her safety, the news was welcomed by naval officers.

### Morris Convicted of Murder.

KENTON, O., March 14.—Charles Morris, convict from the penitentiary, was convicted of the murder of Mr. and Mrs. Jonathan Beathier. Morris, being in prison as a convict for another crime, and believing he was on his death bed, confessed the crime of which he has just been convicted.

### Another Case of Less Majesty.

BERTON, March 14.—The police have confiscated the last issue of Der Sozialist on the ground that it contains treasonable matter, and its editors will be prosecuted on the charge of less majesty.

ures of the Pyramid Pile Cure  
a fact that it cures every form of piles without one particle of pain. The point is not obtained by the use of injurious opiates which by desensitizing the nerves of the parts and make matters worse in the long run. But it is due to its remarkable healing effect.

While it thus gives immediate relief at the same time the disease is permanently checked, but a radical cure is accomplished.

It is one reason for the popularity of the Pyramid Pile Cure and constitutes one very great advantage between it and almost any kind of treatment for piles. Every kind of surgical operation is excruciatingly painful. The danger of the life of the patient and in most cases is not to be compared with the Pyramid Cure, or in making successful cures at pain nor in cheapness and

The saying, “Who struck Billy Patterson?” originated in Richmond. See that doctor's office over there, remarked one of Richmond's men about town.

Yes, that office marks the site of one of the most interesting events that ever transpired in this city, and which gave to the world something to talk about for a quarter of a century.

Then the man about town lapsed into a reverent mood and told the following story:  
It was away back in 1822. The national medical convention was in session in Richmond. Among the delegates in the audience was Dr. Allen S. Potts of a neighboring county. He was a powerful man and was known to all as a man of letters and a man of letters.

At the close of the convention, Dr. Potts was in the city for a few days. He was in the city for a few days. He was in the city for a few days. He was in the city for a few days.

**THE SCHOOL BOND QUESTION.**  
Shall we have new school buildings in the city of Lima? This is the question our people are called upon to settle for themselves on March 23.

**DO NOT DO THIS.**  
Do not be induced to buy any other if you have made up your mind to take Hood's Sarsaparilla. Remember that Hood's Sarsaparilla cures when all others fail. Do not give up in despair because other medicines have failed to help you. Take Hood's Sarsaparilla faithfully and you may reasonably expect to be cured.

**OIL MEN MEET.**  
To Select a Committee to Send to the State Legislature.

**ALL THE IMPORTANT POINTS** in the Lima Oil Field represented at the meeting.

The oil men of Northwestern Ohio held a meeting at 2 o'clock this afternoon in the Natural Gas company's office, and every field had one or more representatives present.

The object of the meeting was to discuss the bill recently introduced in the State Legislature to levy a tax of five cents a barrel on crude oil and to select a committee to go to Columbus and oppose the measure next Thursday when the bill comes up.

The following members were present at the meeting: J. R. Ware, Emerson Priddy, J. M. Kirkbridge, R. A. Taylor, W. P. Gordon, J. C. Dunnell, Findlay, L. Brewer, E. A. Guy, T. M. Spillay, Oliver Jay, L. G. Neely, St. Mary, Geo. O. Dunham, Toledo, W. G. Borine, Buckland, W. H. Bruntz, Woodville, Henry Zorn, Gibsonburg, L. D. Thurston, Oridersville, Senator McCone, Findlay; Senator Shaw, Wapakoneta; Representative J. E. Roring, Buckland; J. W. Griffin, C. E. Lusk, Wm. Melville, W. H. Jones, J. D. S. Neely, M. O. Williams, L. H. Kronthal, Martin Goodkind, F. W. Holmes, W. R. McDonnell, E. M. Moulton, Amos Young, S. S. Wheeler, F. M. Aiken, G. M. Sprague, James Britt, Lima.

**DOUBLED IT.**  
Board of Health Asks the Council for a Thousand Dollars.

The Board of Health held a special meeting in the mayor's office at 1:30 o'clock this afternoon and passed a motion requesting the city council to furnish \$1,000 for quarantine purposes.

At the meeting last Monday night, the council received a request for \$500 from the board, but refused to grant the request. A second case of small pox has developed, and now the board wants \$1,000.

Dr. Rudy took occasion to censure the council for not furnishing the board with a pest house and claims that if a pest house had been secured before the small pox broke out there would have been but one case of the disease to fight instead of two, as at present, with a likelihood of there being five.

The Health Officer was authorized to employ a cook for the Simmons' family, and sanitary officer J. H. H. was authorized to have a cot taken to the Simmons' house and also to provide a small building in which the attending physician may change clothing when he visits the patients.

A bed that was used at the pest house last winter was taken to the Simmons' residence yesterday.

**BRAKEMAN URAN**  
Undergoes a Surgical Operation at the Myers Hospital.

W. J. Uran, the O. & L. brakeman, who was injured in the wreck at the Ohio Southern junction a week ago today, is still at the hospital, and so far as the effects of having had his right leg amputated is concerned he is getting along nicely, but internal injuries are hindering a rapid improvement.

Dr. Stearns, of Ft. Wayne, and Dr. Hiner performed a surgical operation to relieve the internal injuries, and the only word of encouragement given out by the physicians is that Uran's chances for recovery are fair.

**MASONS**  
Go to Bluffton and Confer the Third Degree on Several Candidates.

Thirty-one Masons from Lima went to Bluffton, last evening, and worked the third degree. An excellent time was afforded the visitors. After the initiation, a banquet was served at the hotel.

They returned on the early train over the L. E. & W. The following persons from Lima were present: Messrs. Boone, Metheny, Wyckoff, Johns, J. Roush, D. Roush, Hines, Landick, Thompson, Fisher, Woodworth, Shubert, Rouzer, Porter, Taylor, Peck, Waldson, Nutt, Cunn, Rowlands, Whitmer, Lanphier, Bell, Shepard, Blattenberg, McFarland, Fall, Poage, Gillis, Cahill, Bower, Carpenter.

**BROTHERS IN JAIL.**  
Ferdinand Broshoss who is alleged to have stolen a diamond scarf pin belonging to J. D. Foust, had a hearing yesterday at Bucyrus and was bound over to court, his bail being fixed at \$500. This he failed to give and was sent to jail. Mrs. Broshoss who had also been arrested paid her fine and left the city.

**Shall We Issue a New Series?**

A Taxpayer Who Is Opposed to the Proposition.

He Thinks the West Building Not so Bad as It is Painted and Does Not Think That \$50,000 Will Be Enough.

**Editor Times:**—This is the time to discuss the "school question," as the "light is now on." The Gazette of yesterday says: "In addition to what has been previously said concerning the school board proposition is one of the strongest arguments that can be urged, i. e. public safety. This is not a bid, but a fact." We now quote from the proceedings of the school board at a recent meeting: "Mr. Galbraith, for the building committee, reported that the west school building had withstood the earthquake and the wind storm well, and all the members agreed in the belief that the building was safe," and in face of this report the Gazette now says: "the board has kept certain facts from the public, as they didn't wish to scare the parents of pupils going to the west building." The board is not keeping any secrets of this kind from the public. There are a few secrets, however; at least it is not known why \$500 is wasted in a special election two weeks prior to the regular spring election, or why \$300, at least, was spent in looking over two States for plans before money was voted for school buildings. Extravagance has been the rule, it seems. If public servants would use as much economy for the public as in their private affairs it would be a blessing to the taxpayer. However small the burden this tax would be individually, it not necessary, takes just that much from the pockets of the people, and is wrong. You vote \$50,000 and you will be obliged to vote \$50,000 more to finish, as the board well know a building commenced must be finished. Now is the time to think.

Tanner street; Rev. J. H. Hutton, pastor. Services March 15th, the fourth Sunday in Lent, at 10:15 a. m. and 7 p. m.; Sunday School at 9 a. m.; Young People's Luther Society at 6 p. m. Lenten services at 7:30 Wednesday evening; catechizing the same evening at 6:30. All are invited to these services.

FIRST BAPTIST CHURCH.

Pastor Geo. Byron Morse. Morning worship at 10; Bible study at 11:30; Junior union at 2:30; B. Y. P. U. prayer meeting at 6; Preaching at 7 by Rev. J. H. Bethards, pastor of Trinity M. E. church.

**A NURSE**

Furnished the Small Pox Patients at the Simmons Residence.

Last evening the health authorities employed a colored man named Stewart and installed him at the Simmons household on south McDonald street as a nurse for the two small pox patients. Stewart has had the small pox, and also some experience in treating the disease, and was considered the most available person to nurse the patients.

As was stated in the TIMES-DEMOCRAT yesterday, the new patient is a brother of Chas. Simmons, the first victim, and not his cousin, although the latter is quarantined at the infected dwelling.

Health Officer Rudy is of the opinion that the new case will be a mild one because the patient was vaccinated last winter.

**THE GOLDEN STATE.**

Colorado Produces \$50,000 per Day in Gold.

Three Days' Work Near Breckenridge—Fifty-Five Pounds of Gold.

Treasures of Farncomb Hill Again Tapped by Miners.—Wire and Ribbon Gold Found in a Crystallized State—Some of the Nuggets and Wire Gold Taken and Brought to Denver.—The Gold Taken From this Hill Famous the World Over, and Recognized by Miners the World Over.

Special to the Rocky Mountain News. BRECKENRIDGE, COLO.—Farncomb Hill, famous as the richest ground in the country, has given up some more of its gold, and Robert Foote and George Clavaux are richer by many thousands of dollars than they were a few days ago. The hill of precious metal is located a few miles from this city, and Foote and Clavaux leased a claim on it about a week ago. In three days one man took out fifty-five pounds of gold of fine quality, worth \$17,500 an ounce and a portion of it is now in Denver, having been taken there by G. B. Watson. Another lot was taken to Leadville. The ore is fabulously rich and contains crystallized and nugget gold. The place now being worked and out of which the fifty-five pounds were taken is only four feet square, and there is more of the ore in sight. It was gold from Farncomb hill that attracted so much attention at the World's Columbian Exposition, E. G. Collingwood having some of it in the Colorado exhibit. There is no section of the world that produces ore like that on Farncomb hill. The gold runs through the ore in wire and ribbons and is occasionally found in nuggets. A miner in the furthestmost quarters of the world would immediately recognize a specimen from this hill and state from whence it was taken.

The central portion of Farncomb Hill has been purchased by the Arratia Gold Mining company of Denver, Colo. An agent of that company is now in Lima for a short stay and is receiving orders for a limited amount of stock of that company at a very low rate. The proceeds of sales of this stock will be applied in outfitting the mines with machinery and for working them extensively, to great depth in these gold bearing veins. This property has yielded a large amount of gold to the several former owners by working only by hand and not deeper than 100 feet. By operating these mines with machinery and to greater depth large returns will soon come to the shareholders. There is no bottom to these fissure veins of gold ores. Many mines in the great gold belt of the mountains southwest and northeast from Farncomb Hill are now working down 1,000 to 1,500 feet or more, and are continually giving up their gold.

No risk appears in buying stock at first bottom price in a well tested, well proved gold mine.

Many business men of Lima are investing in this to such amounts as they can conveniently hold. It may be well to have some interest in this great gold mining industry. If you send your address to Mr. Stiles, 130 west High street, Lima, he will send you an illustrated pamphlet free which may be interesting.

**Notice.**

All parties indebted to Ed. Wise will call at bank of Goldsmith & Kabb and settle said claims.

## TALES OF THE TOWN

Born—To Wm Cook and wife, of Second street, a son.

There is a new case of scarlet fever at the residence of Carl Hryt, on West High street.

Mrs Jacob Soyker of West Wayne street, who has been very ill, is much improved, and able to set up.

A case of measles has developed at the residence of Wm Pugh, 1032 east High street. The house was placarded this morning.

The men's meeting at Y M C A Sunday afternoon will be addressed by Rev I J Swanson, pastor of the Congregational church. A mixed quartet selected from the congregation will furnish music.

The pastor and members of St. Paul A M E church are working hard to raise one thousand dollars by the last Sunday in June to liquidate their indebtedness. This is the last appeal, let everybody help the good cause.

Last Thursday being Master Elmer Lugalilli's eighth birthday anniversary, a number of his friends gathered at his home to surprise him on his return from school. A pleasant time was spent, and after luncheon, the little ones departed for their homes.

Miss Emma Duffell of east Market street, will pass Sunday with her brother, Mr S Duffell, and family, in St. Mary's.

C S Cross of Canton, Ohio, and Chas W Cross of Pittsburgh will spend Sunday with their parents on south High street.

Master car builder J A Graham and lumber yard foreman M W Kemp of the Pittsburgh are in Lima on business for the company.

Miss Lida Whitmore who has been the guest of her sister, Mrs Oscar Dixon of Second street, returned yesterday to her home in Bellefontaine.

Miss Emma Everett of Columbus Grove who was in Wapakoneta yesterday attending the funeral of her father, stepped over night here the guest of Mr and Mrs Robert Coleman of South Lima, and returned to her home this morning.

Mrs C H Vogan and sons left for Portland Ind, yesterday morning, to make that place their future home. Mr Vogan is employed in that city as manager of the Union Supply House. Mr and Mrs Vogan moved to Lima ten years ago from Bradford Pa, and during that time have made many friends who will regret to hear of their departure.

Yesterday a report that the Columbia Bicycle manufacturing at Hartford, Conn, had been totally destroyed by fire was circulated about the city. J D Harman telegraphed to the Pope manufacturing company to ascertain the truth concerning the report and received a reply from Col Pope stating that it was only a branch house at Boston Mass, that had burned.

Women cannot vote in Lima at the municipal election, but they can elect one certain citizen who is aspiring to a city office and whose name is not on the Democratic ticket. He has a pretty sister who has done more electioneering for her brother during the past week than has the candidate himself. She does not invite the voters into the most can-

venient barroom to have a drink, but she carries a box of cigars with her and treats on the street. At least she escapes the usual gang of bar room loafers who are ever laying in wait to bleed a candidate.

Rev I J Swanson, the newly installed pastor of the Congregational church, is to address young men tomorrow afternoon in Y M C A hall, at 3:30 o'clock. A mixed quartet, selected from the choir of his church, will furnish the music. All men are invited to be in attendance to hear and become acquainted with this gentleman.

Mrs S Baldwin, of Ashland, O, who purchased from Mrs Light, of South Side millinery store at 717 south Main street, has arrived in the city and taken possession of the establishment. Mrs Baldwin's trimmer, Miss Mollie Eddy, who bears the distinction of being one of the best trimmers in Ohio and Indiana, is at present in Cleveland selecting spring goods, and will arrive here next week.

The Cunningham quartet, at the Congregational church last Tuesday, was scarcely up to the standard expected from a concert male quartet. The three higher voices were light, the low bass was good, solid and with more age experience and study, will make a splendid foundation for a good male quartet. The quartet seemed, to me, lifeless and without spirit or feeling. The vocal solos were very ordinary.

The musical feature of the evening was the mandolin playing of Mr Page. He is surely a mandolin virtuoso. He executed some very difficult numbers, displaying great technical ability, his phrasing was good, and he manifested the true musicianly feeling and fire which go to make an artist. He was recalled after each number.

Mr McCormick, as a whistler and imitator, was an expert in his line. There was a fine male quartet with 'The Old Home-stead,' on Tuesday evening.

The Sapphires with Mrs W H Deakin on north McDonald street Thursday and spent a profitable afternoon in the study of the history and development of the Sonata. Some papers were read showing careful study and deep research in preparation. The various points in the growth of this high classic form of musical composition were illustrated by various members of the club playing the choicest sonatas of the great tone masters of the several sonata periods. Such careful study will add greatly to the sum total of the musical knowledge of a city.

Many interesting things are appearing about Miss Ellen Beach Yaw the great prima donna who will sing in Lima on the 24th inst. Miss Yaw is said to be divinely tall with a winning presence and personality, and among other points of beauty she has a long slender and graceful neck and throat. To this has been attributed her power to sing so much higher than other mortals. At a reception held in Kansas City, after one of her concerts there, one of the society leaders directed the attention of all to the lovely canary-like throat. A little later this same woman whose daughter happened to be tall and slender, was asked by a friend, 'How tall is your daughter?' 'About the length of her father's throat,' was the reply of the great singer. The following dialogue occurred between the friend and the prima donna:

There, Mr Yaw, look at it. You think she ought to sing just as high.

Well, does she? asked the friend.

No, not yet, but she's got the neck—she's got the neck. And the matron went home with many wonderful visions of the future of her child.

The Sherwood concert on Thursday evening was quite an educational factor musically. Seldom has Lima been visited by a pianist of national reputation. Seldom has a Lima audience been called upon to listen to a program of highly classical piano music such as was given by Mr Sherwood. It was noticeable however that interest in this great player's wonderful work steadily progressed and that his last number aroused great enthusiasm. Several concerts of a like nature would give audiences keen to grasp all the niceties of expression the wonderful execution, the sparkling tone, the intelligent phrasing and beauty of interpretation in artistic piano playing which was so highly exemplified by Mr Sherwood last Thursday.

The vocalists, especially the ladies, were good better in their operatic work however than in the concert numbers. Their first quartet secured an encore and Miss Osborn by the beautiful manner in which she sang 'Summer' by Chaminade.

The entertainment was one that was highly appreciated by all.

The Company after the concert were the guests of the Pika and discussed some very sweet music there much to the delight of the members present.

The Harvard Quartet Concert company entertained a full house last evening, presenting a program which was enthusiastically received.

This is surely the best male quartet that has ever visited our city. Their singing is marked by good ensemble work clear attack, clean intelligent phrasing, with fine contrast.

## TANGLED.

## The Legal Authorities Differ

As to the Solution of the Board of Education Difficulty

The Attorney General Has Delivered an Opinion on it Which Favors Fourteen Members

Another question has arisen in the School Board Election question which is giving the committees some trouble. At a conference of legal gentlemen to whom the question was referred, it was decided that the board as at present organized was a legally constituted body and that no change in the number of members was necessary.

In the meantime an opinion had been asked for from the Attorney General of Ohio, and he yesterday wrote to the committee here that he had just been called upon to deliver an opinion on a similar question for East Liverpool, Ohio, which was the only city in Ohio, aside from Lima, having a school board organized under what is known as the Akron school law. The Attorney General is of the opinion that Lima and East

Liverpool are both for school purposes, cities of the first class and as such are entitled to, and should have two members of the School Board from each ward in the city, making in Lima fourteen members.

In view of this interpretation of the law by the Attorney General the organization of the Board of Education with a less number than the requirement under the statute, would leave a question as to the legality of the Board, and would militate against the sale of bonds. If the bond buyers understand that there is a possibility of illegality in the organization of the Board issuing the bonds, they would not buy them at any price, for their money would be placed in jeopardy at once.

If the Attorney General's correct in his decision, the course of the City Committee is clear. Place in nomination two members—one Democrat and one Republican from each ward. Otherwise the Prohibits with a handful of voters may control the School Board for the next two years. For if their nominations are in conformity with the statutes and the others are not the legally elected candidates will be given their seats through the intervention of the court.

TERrible WRECK

Experienced by J R Sinclair in California

J R Sinclair, of the firm of Sinclair & Morrison, of this city, who is taking a pleasure trip through the state of California, was in a terrible railroad wreck near San Diego, last week. The wreck occurred at 9:30 o'clock in the evening, and was caused by a broken flange on a wheel under the baggage car. The engine baggage car and one day coach were derailed, and the day coach in which Mr Sinclair was seated, was thrown crosswise of the track, with one end hanging over a high precipice. The cars caught fire and the entire train except the engine was totally destroyed. The passengers, among them Mr Sinclair, escaped by crawling through the car windows and no one was killed, although a number were badly injured. Mr Sinclair escaped with a few bruises.

A DINNER

Given by Supt Green to C. H. & D. Officials

Supt I A Husted and Supt J Cory returned last evening from Cincinnati, where they were attending a luncheon given by ex-Superintendent Green. Everyone of the 21 persons who had received invitations was present. The luncheon was an elaborate one. The table was set in the form of a cross, and was heavily laden with delicate and beautifully cut flowers and stills. Messrs Husted and Cory say that the rigid restrictions under which railroad men are subjected, were set aside for the occasion. It was a delightful social event.

Democratic Central Committee

There will be a meeting of the Democratic City Central Committee held in the Recorder's office at the court house, at 7:30 o'clock this evening.

C J Brinton, Secretary

STREET TALK

Yesterday a report that the Columbia Bicycle manufacturing at Hartford, Conn, had been totally destroyed by fire was circulated about the city. J D Harman telegraphed to the Pope manufacturing company to ascertain the truth concerning the report and received a reply from Col Pope stating that it was only a branch house at Boston Mass, that had burned.

Women cannot vote in Lima at the municipal election, but they can elect one certain citizen who is aspiring to a city office and whose name is not on the Democratic ticket. He has a pretty sister who has done more electioneering for her brother during the past week than has the candidate himself. She does not invite the voters into the most can-

venient barroom to have a drink, but she carries a box of cigars with her and treats on the street. At least she escapes the usual gang of bar room loafers who are ever laying in wait to bleed a candidate.

Rev I J Swanson, the newly installed pastor of the Congregational church, is to address young men tomorrow afternoon in Y M C A hall, at 3:30 o'clock. A mixed quartet, selected from the choir of his church, will furnish the music. All men are invited to be in attendance to hear and become acquainted with this gentleman.

Mrs S Baldwin, of Ashland, O, who purchased from Mrs Light, of South Side millinery store at 717 south Main street, has arrived in the city and taken possession of the establishment. Mrs Baldwin's trimmer, Miss Mollie Eddy, who bears the distinction of being one of the best trimmers in Ohio and Indiana, is at present in Cleveland selecting spring goods, and will arrive here next week.

The Cunningham quartet, at the Congregational church last Tuesday, was scarcely up to the standard expected from a concert male quartet. The three higher voices were light, the low bass was good, solid and with more age experience and study, will make a splendid foundation for a good male quartet. The quartet seemed, to me, lifeless and without spirit or feeling. The vocal solos were very ordinary.

The musical feature of the evening was the mandolin playing of Mr Page. He is surely a mandolin virtuoso. He executed some very difficult numbers, displaying great technical ability, his phrasing was good, and he manifested the true musicianly feeling and fire which go to make an artist. He was recalled after each number.

Mr McCormick, as a whistler and imitator, was an expert in his line. There was a fine male quartet with 'The Old Home-stead,' on Tuesday evening.

The Sapphires with Mrs W H Deakin on north McDonald street Thursday and spent a profitable afternoon in the study of the history and development of the Sonata. Some papers were read showing careful study and deep research in preparation. The various points in the growth of this high classic form of musical composition were illustrated by various members of the club playing the choicest sonatas of the great tone masters of the several sonata periods. Such careful study will add greatly to the sum total of the musical knowledge of a city.

Many interesting things are appearing about Miss Ellen Beach Yaw the great prima donna who will sing in Lima on the 24th inst. Miss Yaw is said to be divinely tall with a winning presence and personality, and among other points of beauty she has a long slender and graceful neck and throat. To this has been attributed her power to sing so much higher than other mortals. At a reception held in Kansas City, after one of her concerts there, one of the society leaders directed the attention of all to the lovely canary-like throat. A little later this same woman whose daughter happened to be tall and slender, was asked by a friend, 'How tall is your daughter?' 'About the length of her father's throat,' was the reply of the great singer. The following dialogue occurred between the friend and the prima donna:

There, Mr Yaw, look at it. You think she ought to sing just as high.

Well, does she? asked the friend.

No, not yet, but she's got the neck—she's got the neck. And the matron went home with many wonderful visions of the future of her child.

The Sherwood concert on Thursday evening was quite an educational factor musically. Seldom has Lima been visited by a pianist of national reputation. Seldom has a Lima audience been called upon to listen to a program of highly classical piano music such as was given by Mr Sherwood. It was noticeable however that interest in this great player's wonderful work steadily progressed and that his last number aroused great enthusiasm. Several concerts of a like nature would give audiences keen to grasp all the niceties of expression the wonderful execution, the sparkling tone, the intelligent phrasing and beauty of interpretation in artistic piano playing which was so highly exemplified by Mr Sherwood last Thursday.

The vocalists, especially the ladies, were good better in their operatic work however than in the concert numbers. Their first quartet secured an encore and Miss Osborn by the beautiful manner in which she sang 'Summer' by Chaminade.

The entertainment was one that was highly appreciated by all.

The Company after the concert were the guests of the Pika and discussed some very sweet music there much to the delight of the members present.

The Harvard Quartet Concert company entertained a full house last evening, presenting a program which was enthusiastically received.

This is surely the best male quartet that has ever visited our city. Their singing is marked by good ensemble work clear attack, clean intelligent phrasing, with fine contrast.
